

Upcoming Meeting

Peter Scheidt, the Windgate Assistant Professor of Furniture and Woodworking at the University of Arkansas Little Rock, will give us a walk through of the Wood-mizer band saw and show some of the other mill set-ups he has been researching. Peter received an MFA in furniture design and woodworking from San Diego State University in 2017. Peter has been designing and building custom furniture independently and collaboratively since 2005. His creative studio practice is research and concept-driven yet firmly grounded in the craft of furniture. **The August meeting will be held at the UALR Windgate Center of Art and Design on W 28th street.**

President's 2x4 Challenge

It's time for another 2x4 challenge. **Entries are due at the September meeting** and will be voted on by the members present at the meeting. First place will receive \$50 and a photo in the newsletter.

The rules are the same as last year:

- Use one 8 foot 2x4 of any species; work with either hand or power tools.
- The only wood used must come out of a single 8' 2x4 ($1\frac{1}{2}$ x $3\frac{1}{2}$).
- Metal hinges, nails and/or latches are ok.
- No other materials (except fasteners).
- Clear finishes only. Stain/dye is ok, but no paint.
- No CNC machines or laser cutters.
- Any other hand tools or power tools are ok. You can carve, resaw, bend, turn, etc.

That's it! This should accommodate any skill set here and the only limitation is your creativity. We had several amazing projects last year and hope members will come up with even more imaginative projects this time.

July 2019
